

SHED TECHNICAL SHEET

In the classification open to the public
With a gauge of 250 people standing,
and 150 people sitting

The pieces of information contained within this document are guaranteed and in good will at the date of its latest modification. It is important to consider that concerning the versatility of the SHED, we can not ensure that all the technical materials would be disponible before an accpetation and a written agreement.

GENERAL PRESENTATION

Shed is an atypical space in Reims in the music district, next to the Cartonnerie. Its 16 145 sq ft of brownfield sites renovated gather: the artisanal micro-brewery Senses Brewing, the Jazzus Club (show space dedicated to Jazz and the Great Black Music managed by Jazzus Productions), a bar cafeteria (burger, fries...), two artist studios (Céz Art and Romu Ducros), an independant record shop (My little sound shop) and an exhibition space

This third place is a real factory for social link, a meeting space for professionals and lovers, a place of learning and intergenerational experimentation, a household of innovation and artisanal and cultural cocreation, a center of resource for the territory.

Shed is open to the public from the Wednesday to Saturday; and 7j7 for its residents and for businesses events.
